CONVERSION SYSTEMS

The BouMatic Front End Conversion package can update any existing parlor to a stronger, more robust system. The most economical way to breathe new life into old, inefficient parlors and increase both cow comfort and traffic.

Elevate your parlor to the next level.

- **Cow safety** – BouMatic design removes troublesome sequencing gates posts that can obstruct cow flow
- **Cow comfort** – The open exit design is more inviting, putting your cows at ease resulting in higher productivity
- **Reduces maintenance costs** – Puts an end to downtime and repair costs from broken sequence gate posts
- **Extends parlor life** – Fiscally intelligent alternative to replacing older parlors
- **Fast installation** – Preassembled components minimizes disruption to milking routine
- **High quality** – Engineered for rugged dependability
